HIGHWAY DISTRICT ENGINEER DISCUSSES ROUTE 460 By-Pass WITH C OF C GROUP

cont'd from page 1

Appomattox was anxious to get started from the number of people present at the pre-allocation meeting recently held in Lynchburg. He stated further that the cost of building route 460 had doubled since the original estimate (roads now costing $4 million per mile).

Because of the economy crunch the tenure program was "torn apart" and a realistic 5 year program developed. Appomattox by-pass is scheduled for the latter part of the 5 year plan.

The current estimate of cost is set at $6.7 million (originally a little over $4 million.)

One hundred fifty one property changes are involved with setting the right of way. Mr. Gaulden added that it is the Highway Department's job to not only purchase the property

Ann Foltz all of Appomattox and Mrs. Dan Harvey of Evergreen were the four winners for eighth prize - each received three ties. Robert Harris and Gail Lewis both of Appomattox and Beverly Booker of Gladstone were the fifth winners of the ninth prize, each received a belt.

We congratulate the winners mentioned above and wish every success for the owners of THE CLOTHESLINE.

involved but to help in the relocation of all involved.

Because of the outcome of the 1966 meeting and the design hearing June 23rd, 1970, the placement of the present corridor is "locked-in" and only the accesses to the approaches and their placement are open for change.

Because the Triangle Plaza Shopping Center's location there have been some changes. It was stated the corridor begins just east of town crossing Route 24 at the drive-in theatre, crossing Route 26 behind the Top Treat and coming out east of the Amoco Station on west 460.

Mr. Gaulden stated an Enviormental Impact Statement would be ready in September or October which would mean the Public Hearing date would be set sometime in November.

If there is not any public conflict it would be sent to Richmond for approval. If there were controversies, nothing definite could be started.

Mrs. Janet Noble asked could the whole project be scraped if there were opposition and both Mr. Gaulden and Mr. Sumpter said it could.

Mrs. Noble stated that there was no prior notice in the local paper of the pre-allocation hearing, consequently none of the business people or citizens involved were able to attend. She stated there was a notice in a Lynchburg paper the morning of the 10 a.m. hearing but that was too late. Mr. Gaulden stated he didn't know about Appomattox but that it was on the news in Lynchburg, too.

Mrs. Noble stated it would certainly hurt downtown Appomattox and most local service stations and restaurants. Mr. Brod Pack, owner of the Appomattox Drug Store, asked

who made the decision. Mr. Gaulden responded "after two public hearings the two governing bodies and the State Highway Department" would make the decision.

Mr. D. W. Spiggle and Mr. Carl Miller wanted to know how it would affect their property and should they remodel and repair or wait.

Ray Noble stated that it was not the original plan but the second one as he had viewed the original plan in 1968 and it came out near Appomattox Drug Store.
